### Rationale

- Advance notice:** MANSO provides fee information in advance so members can plan for budget preparation.
- Friends of MANSO tiering:** The Friends category now uses budget-based tiers, correcting a structure where large organizations paid the same flat rate as small ones.
- Funding stability:** Membership fees support core activities of umbrella (AGM, advocacy, member events, PD access) not covered by IRCC or Provincial funding. MANSO recognizes that many members will face continuing reduced funding in the following years. Please contact us to discuss case-by-case basis.
